WON IN EIGHT INNINGS.

Senators Defeat the Spiders in a Game Full of Interest.

When twitight came last evening the Sen ators and Spiders were still battling for supremacy, the former having the best of the game by one run. The locals were as slow in getting to play in the eighth as the Cleve landites were eager. It was quite dark, but the resolute Timothy Hurst could see and he made the others see, and the Washingtons having been retired forthwith went at the Spiders, and not a visitor reached first base. Then did the redoubtable Hurst call the game, and P. O. Tebeau called out to Manager Schmelz to start the games earlier hereafter.

Schmeiz to start the games earlier hereafter.

Bad base running by Cleveland lost the
game for the Spiders. There was plenty of
hitting, good fielding, and the errors were of
the rankest kind. Shiebeck showed how ensy
a baseball player can slip up on a sure thing,
when he dropped McAleer's fly in the fourth
inning. The batter did not run, but as the
ball fell out of the player's hands, he started
for first. With plenty of time Shiebeck picked
up the ball and sent it was over Cartwright's

ball fell out of the player's hands, he started for first. With plenty of time Shieneek pleked up the ball and sent it way over Cartwright's head, McAleer reaching second.

Joves had his eye oz at he ball, hitting out of the diamond at one time and at another he beat out a bunt. Ex-Senator George Tebeau made a triple and two singles and covered first in a way that would make Tommy Tucker envious. Hassamer made a sensational each and was roundly applauded.

The home team did not score until the third inning, when they made three runs on Shiebeck's base on balls, singles by Joyee and McGuire, a put out, and a wild throw by McKean. They kept up the good work in the fourth, when liadford's single, a force out, a triple by Joyee, and Hassamer's single scored two runs. Another was made in the fifth on McKean's error and Cartwright's long double to left center. Joyee's single and Hassamer's double in the sixth earned a run.

The Spiders began spinning in the second, scoring one run on McGarr's double and McAleer's single. In the fourth they added three more on G. Tebeau's triple, Shiebeck's double, an error, a two baser by O'Conner, and Eurkett's single. Singles by McKean, McGarr, G. Tebeau, and McAleer, and Cartwright's failure to hold a thrown ball by Stocksdale netted two runs in the fifth. Supid base running by G. Tebeau and McGarr and Sharp fielding by Joyee, fladford, Maguire, and Hassamer closed the run-getting. The secre:

ARMOR PLATE FRAUDS.

Preliminary Report of the Investigation Has Been Made.

The House committee to investigate the Carnegie armor plate will give a hearing today to Superintendent Carey, of the Homestead works. The company has asked to have the superintendent recalled to explain some of the testimony given by Commander Sampson on his last appearance as a witness, A preliminary report of the investigation will soon be made by Chairman Cummings, the first draft of which was read to the com-

report will say that some frauds in carrying out the specifications for preparing the armor plate have been shown by the testi-mony, but that the effect of the deviations from the specifications cannot be accurately told. It will recommend a trial of plates from different groups which have been fur-nished the government as the only way to determine whether the armor plate has not the requirements of the contracts, and will ask for an appropriation to make the tests. A suggestion may be made that the government pay for these plates which may pass the tests satisfactorily, and that the Carnegie Company pay the costs for trials of plates which fall.

Linii these trials have been applied. the requirements of the contracts, and will

Until these trials have been made the committee will not make its final report, so that will not be forthcoming until the next session

Illiteracy in the United States.

The statistics of illiteracy in the United States are given for the first time in the abstract of the eleventh census. It is shown

that of a total population over ten years of age of 47.413,559 there are 6,324,702 illiterates, or over 13 per cent. The percentage of illiterates in the white population is over 734 and of colored population almost 57, the latter being over 60 per cent. In the Southern States. of the total population the percentage of illiterates in the State groups is: North Atlantic, over 6; South Atlantic, aimost 31; North Central, almost 6; South Central, almost 30, and Western, over 8. The number in the Western States is as follows; Montana, 884: Woming I. 829. Colorado, 17 189. Naw 5,884; Wyoming, 1,630; Colorado, 17,180; New Mexico, 50,070; Arizona, 10,785; Utah; 8,232; Nevada, 4,897; Idaho, 3,225; Washington, 11,778; Oregon, 10,103, and California, 75,092

Bill to Tax Treasury Notes a Law. President Clevetand has signed the bill to authorize the taxation of Treasury notes by States and municipalities on the same terms that other money is taxed. The bill goes into effect at once, but does not necessarily make any change in the standing of the greenbacks, It gives authority for their taxation merely, and it remains for the States to take advantage of its terms.

Printing Office Site.

Mr. Sayers moved yesterday that the House direct its conferees on the sundry civil bill to insist on the disagreement to the Senate amendment for a Government Printing Office site. As the Senate, however, insists on strik-ing out its amendment for the Mahone lot, no further action this session is likely.

Notes from the Capitol.

Representative Coggswell has introduced a joint resolution to instruct the Secretary of War to return to the State of Massachusetts Representative Grosvenor, of Ohio, has in-troduced a bill to repeal the statute which giveshnif of the fine to informers upon persons who mark unpatented articles as patented.

Representative Hudson, of Kansas, has introduced a bill for an investigation by five members of Congress of the status of public lands held by corporations and railroad grant lands, with a view to opening to settlement lands not earned by compliance with the terms of the grant

FAVORITES HAD BUCK LUCK

LONG SHOTS UPSET THE TALENT

In the opening event a great tip on Out-sider made the latter close favorite, with sider made the latter close favorite, with Rondleu next in line. The favorite swerved and finished absolutely last. Rose gelding and Senator Hill were each at 12 to 1, and they had the finish to themselves, the first winning handly, while Rondleu was an indifferent third.

Another upset occurred in the third, when the three choices were neatly bowled over. Little Alice was made the medium of a heavy plunge owing to a reported fast trial, and

Little Alice was made the medium of a heavy plunge, owing to a reported fast trial, and she went to the post favorite, with Major B. and Belle Blackburn also well backed. Little Alice held the lead up to within fifty feet of the wire, when Senator got up and won by a head in a drive. As good as 8 to 1 was an offer against the winner.

Jim Lamb was played to win the fourth, as if it was all over, but in one of the best finishes of the meeting Sneedwell won by a head, with Tedd Gegg a nose before Jim Lamb. In the long-distance race Brooklyn, Telephone, and Missive closed at 2 to 1 each, and they finished in the order named. Summaries:

RAILWAY TO KENSINGTON. Citizens of the Town Subscribe the Money

18th St. and Pa. Ave. N. W.

A meeting of the citizens of Kensington Md., was held, as announced in THE TIMES yesterday, pursuant to a call to take appropriate action in behalf of the proposed extension of electric railway facilities to that town. Mayor Martin presided, and, in the absence of Secretary Walker, Mr. Fishback served as

Required for It.

of Secretary Walker, Mr. Fishback served as secretary.

The committee to solicit subscriptions, through its chairman, made a report announcing additional subscriptions amounting to \$1,900, leaving but a small balance to complete the required amount, and this was subscribed by those present.

A representation of the Chevy Chase Electric Railway was present and made a statement as to rates, terms of construction, and time of completion. The subscription asked for as a condition for the building of the link from Kensington to the power-house having from Kensington to the powerbeen made, President Newland will, doubt-

nisagreement, to construct the road and fur-nish the motive power.

It is confidently anticipated that work will begin upon the road at once, and will be completed and the cars running by October Practically, all of the citizens of Kensing-

less at once sign a contract, in accordan

ton have taken stock in the enterprise, and are therefore personally interested in it. They look forward with anxiety to the day when they can "ride to town" on a fast line street railway.

NEW CHINESE TREATY. Administration of the Convention Pro-vided for in Senator White's Bill. Senator White has introduced a bill for the

administration of the new Chinese treaty.

It provides that in case the Chinese labore applying for a certificate shall swear falsely he shall be punished according to existing laws for perjury. If the certificate be transferred it is become forfeited and the person to whom it was issued is to be prohibited from returning to the United States. It is provided also that Chinese holding certificates shall be allowed to return to the United States only through the port at which the certificate was issued. Masters of vessels landing Chinese in the United States are required to furnish a list of them, and any ship master acting in contravention of the act or treaty is to be punished by fine and imprison-ment.

ment.

Regarding the vote on the ratification of the Chinese treaty, it has been learned that the Southerners to a man stood by the administration, and that all the Westerners were against it except Mr. White. Mesrss Hoar, Lodge, and Gaillinger were the only Easterners who favored ratification. The report of the naval board, which conducted the recent competitive trials of machine guns for the use of the Navy, has been made guns for the use of the Navy, has been made public. The members of the board falled to agree, two of them recommending the maxim gun and the third member recommending the gatting gun. None of the guns submitted was of the caliber adopted for the naval service, viz. Six millimeters or 336 inches, but varied from 30 to 315. Capt. Sampson, chief of the naval bureau and ordnance, has recommended that the owners of the gatting and the maxim gun be invited to construct a gun of six millimeters caliber, to be tested in competition.

History of Arbitrations. Mr. John B. Moore, ex-Assistant Secretary of tate, and at present professor of international law at Columbia College, has been charged by a history and digest of the arbitrations to which the United States has been a party. Provision for this work was made in the annual appro-priation bill, and Prof. Moore was induced to undertake the compilation because of extensive knowledge of the subject.

ANTI-GOLD MEETING. Bimetallists Coming to Washington to Decide Upon a Policy of Action A conference of those who believe "that no ountry can be hoped for as long as the present the immediate restoration of the bimetallic standard in the United States, with the free colnage of both gold and silver at the ratio of 16 to 1," will be held at the rooms of the American Bimetallic Lengue, in the Sun Building, Washington, D. C., to-day,
They are called "to take into consideration the situation of the country and to decide upon a policy to be pursued to bring about the change in the monetary policy of the government necessary to restore prosperity."

Fapers will be read by Gen. A. J. Werner, president of the lengue, and Senators Jones, Stewart, and Cameron. Representatives Bland, Sibley, and others, and also by Hon. Thomas M. Patterson, of Colorado, and A. Wolcott, of Indiana. 16 to 1." will be held at the rooms of the Ameri-

Fred. Douglass' Wife Inherits. The will of Miss Jane W. Pitts, of Anacostia, formerly of Honeoye, N. Y., the sister of Fred-

A bequest of \$2.000 is made to Amelia Foy, a friend, to be paid to her at her majority, and also a parcel of real estate designated as lot No. 21, in block 21, of Brookland. A provision of \$500 is made to keep green the family burying plos at Honeove, N. 1. The will then provides that the remainder of the estate shall be divided into three parts, the interest from one of which shall be paid semi-annually to Helen Douglass, a sister, during her life, and another to Eva M. Potts, another sister, during her life. The last third is to be given to the children of Gideon W. Potts, at the death of the two sisters are also to be given to the children of her brother, Gideon W. Potts, at the death of the two sisters named. Gideon W. Potts is made executor.

The director of the Geological Survey has sub-mitted his plan of operations for the present fiscal year to the Secretary of the Interior, who cal year to the Secretary of the Interior, who has approved it. Special attention is given to the survey of the mineral-bearing areas of the Appalachian region ranging from Virginia to Florids; the Lake Superior region, Colorado Idaho, and California. The topographic work will be carried forward in twenty States, a large share of attention being devoted to the arid and semi-arid region of the interior and to the Pacific coast. Thirty-three topographic parties and twenty-seven geologic parties will be in the field, five of them being employed in the Hocky Mountains and their foothills.

erick Douglass' white wife, has been filed for probate.

A bequest of \$2,000 is made to Amelia For, a
